

SOULSCAPE

START OF TERM UPDATE

WHAT ARE WE DOING THIS TERM?

Mind the Gap: a good start to secondary school

We kicked off the term spending the first few days helping Year 7 students settle into secondary school. This year we added a new school, Bohunt, to the other three we usually work in. It was great to finish the transition journey with this group of students.

'Object': the effects of porn

This term we have a second drama college - Reed College in Reading - joining us to bring our 'Object' performance and discussion space to around 8 new schools in the Reading area! We're excited to help as the government starts prioritising this topic.

Fuse: being part of a community

Our new project, Fuse, explores what a good community looks like. We discuss positive role models, how your decisions affect others, and what it means to be part of something bigger. This term we're running Fuse with Year 6, 7 and 8 students.

Soulscape is 25 this year, and it's going to be a big year with new schools, new partners, new volunteers and a new staff member, Eden, all on board!

Thank you for supporting our young people with your giving, volunteering and prayers!
