

New Year Update!

Happy New Year from everyone at Soulscape!
We're looking forward to an exciting, busy year.

This term we will be running **REAL** workshops in 3 schools, **OBJECT** workshops in 10 schools and **CARE** in partnership with **Sonning Deanery**.

During our **REVIVE** walking tour, we'll be visiting local churches, where they share about how and why their faith drives them to support their local communities.

We're so grateful for the opportunities we have as well as your prayers, support and time.

See you in a few months when I look forward to sharing some of our stories.

This year we'll also be turning our hands to fundraising.

If you have some time to help plan an event or host a coffee morning or have other creative ideas, please let us know and we can talk about the possibilities.

Michelle McLeish

Soulscape's Operations Manager
