

Safeguarding at St Paul's & St Nick's

We want to be a Church family in which everyone knows God's love and acceptance, and where everyone is safe and valued. As a result of this core belief, we take looking after and protecting children and adults (which we call safeguarding) very seriously.

If anything has happened which you want to talk about, or which has made you feel uncomfortable, or if there is anything you are not sure about, whether in Church or outside, then you can...

- Speak to a member of the Clergy
- Speak to a member of the Parish Safeguarding Team
- Speak to a Children's Advocate or Children's Leader
- Speak to a member of the Diocesan Safeguarding Team
- Contact outside agencies

**We will take what you say to us seriously
and we promise to listen.**
